

Commanding Wealth Circles®

***One of the most powerful and sustaining gifts of
The One Command® and
Commanding Wealth® Seminar is the
Commanding Wealth Circles®.***

Description

The Commanding Wealth Circles® serves a variety of functions; meeting new like-minded individuals interested in creating wealth and personal satisfaction; receiving and giving support while on the journey; and continuing relationships with those you have met while attending the Commanding Wealth® Seminar.

The Commanding Wealth Circles® are open to any one whether they have attended a Commanding Wealth® Seminar or not.

The practice of The One Command® immediately changes your mindset, clears old emotional blocks and opens the door to new possibilities in every area of your life. **The Commanding Wealth Circles®** support you while you co-create the new life that you have always dreamed possible.

One participant who had not yet attended the Commanding Wealth® Seminar shares what amazing results he received from simply participating in **The Commanding Wealth Circles®**.

*"At the time I attended the **Commanding Wealth Circle®** on April 11th, my business for the month was a bit on the slow side. I had no idea how I was going to pull off a good month. By April 25th (end of April for my purpose), only 10 business days after attending, I had done so much business it was the best month of my career. In fact it was over 16% better than my previous best month in January. Also, our pay process was changed and I only received 1/3 of the money I was used to getting from management fees. Taking that into the equation my April business was up over 35%."*

Commanding Wealth Circles® Format

To facilitate the **Commanding Wealth Circles®** make a commitment to hold the CW Circles® weekly, or monthly as the **power of what you can create and manifest increases each time you attend.**

Anyone can hold a Commanding Wealth Circle® by reading The One Command® and listening to our audio support programs or you can become a **Certified Commanding Wealth Circles®** facilitator by attending a Commanding Wealth Seminar® or, through the **eLearning One Command - CW Circles facilitator program.**

Please honor the intention of the Commanding Wealth Circles® to bring only the material from The One Command® and the CW Circles® to your group. We give this teaching to you as our gift and request that you create the sacred space for it to be brought to the world in its **exact true format.** Any other teaching you wish to do can be promoted during the CW Circle® but again we request that you **DO NOT MINGLE ANY OTHER TEACHING WITH THE INFORMATION WE PROVIDE IN THIS TEACHING. THANK YOU IN ADVANCE.**

Find a comfortable and welcoming location to hold your CW Circle® such as your home, a center, church, or other appropriate location.

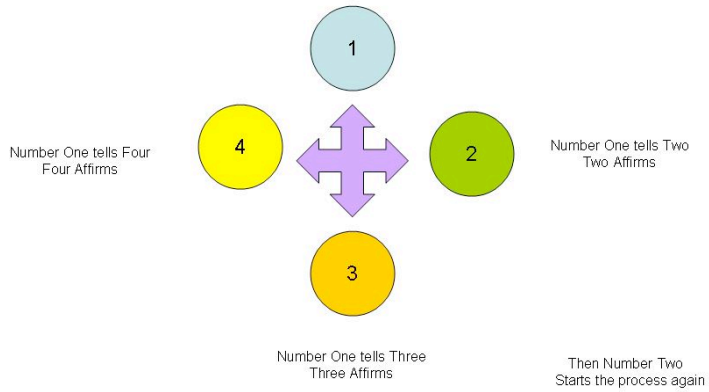

As the host welcome and greet those attending.

Arrange your chairs in a circle. Your circle can be arranged a couple of different ways depending on your group size.

The Circle

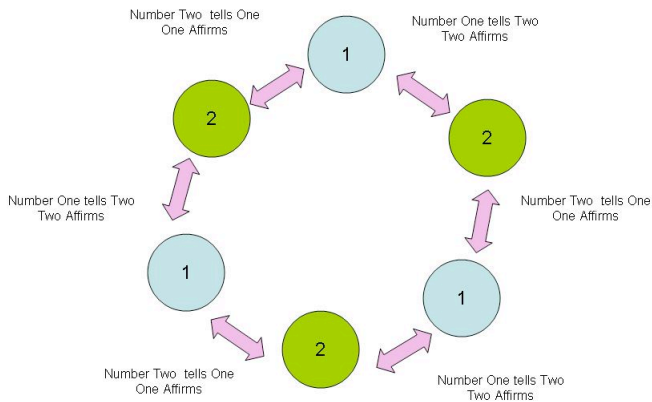

Method 1.

Break out into groups of 2-4

Method 2.

Arrange in a group of six. It is recommended that you break the group into circles of six or less as it can take quite a bit of time to complete the circle with a larger group.

The Process

1. Begin by standing and holding hands in a circle and offer an opening prayer or short meditation to quiet the chatter of the day, and to bring you and the group into your more peaceful spiritual mind. Have them sit in a group to begin.
2. Ask people to check in with the group on their success from the previous week or if they are new who they are and what they would like to manifest and create.
3. **Always explain how The One Command® statement is said for the new people attending** and take them through it a few times so they become familiar with going to *theta* and saying The One Command®. You'll want to read *The One Command* book and listen to our audio explanation of how and why it works so you have that understanding yourself. Of course the more that you practice The One Command® in your life the more actual success you'll have to report.
4. Next break out into smaller groups and within those groups take turns sharing what they would like to manifest and ask them to **become clear on what they want to Command** to arrive in their life.
5. **Go through the Six Steps.**
Once every one has something they want to Command then lead the entire group through the **Six-Steps to state their Command internally:**

- **GROUND**
- **ALIGN**
- **GO TO THETA**
- **COMMAND**
- **EXPAND**
- **RECEIVE**

*"I don't know how I (fill in the blank) I only know that I do now and I am fulfilled." For example: I don't know how **I increase my income 2,000.00 dollars a month** I only know that I do **now** and I am fulfilled, or I don't know how **I have 10 more clients a week** I only know that I do now and I am fulfilled*

6. Remind Everyone:
 - a. You can not manifest for anyone other than yourself
 - b. State your request in the **present tense**.
 - c. Take "will" out of your vocabulary as the subconscious mind only takes action in the NOW!
 - d. Keep it as simple as possible.

7. Now begin with each person taking turns going around the circle. This is the most powerful part of the Commanding Wealth Circles®. Making a Command and receiving support **eye-to-eye from every other member of the circle.** Here you receive acknowledgment of what is possible for you down into the depth of your being. It is amazing the results that arrive. This becomes a deep meditative process as you go around the circle and gathers more and more power.

8. Have the first person state their Command out loud without going up into *theta*. For example, "***I don't know how I increase my income 2,000.00 dollars or more a month I only know that I do now and I am fulfilled***"

It has all ready been set in *theta* when you led the entire group through the Six-Steps, now it is being reported to the person sitting to their right.

The person then **looks from his or her LEFT-EYE directly into the LEFT-EYE** of the person sitting on their right and waits to receive acknowledgment that what she or he wants is manifested by the **RESPONDER FIRST STATING THE PERSONS NAME,** followed with **I ABSOLUTELY KNOW THAT (WHAT THEY WANT TO MANIFEST) IS SO NOW AND I SUPPORT YOU!**

FOR EXAMPLE

"John I absolutely know that you have 2,000.00 dollars a month or more now and I support you!"

9. YOU CONTINUE GOING TO THE NEXT PERSON around the circle MAKING YOUR STATEMENT and waiting for the response. You gathers power and momentum as The One Command® is stated while looking into the very heart of each other's soul with **EYE TO EYE** contact.

The person giving acknowledgment speaks from the heart with love and responds, *"John I absolutely know that you have 2,000.00 dollars a month or more now and I support you!"*

10. Often the loving impact of the truth of that statement is so powerful there is an emotional reaction of tears or joy upon hearing it. More information from those acknowledging the accomplishment tends to arrive as you go around the circle. Try to limit the time for these statements as they can get very lengthy.
11. Once the person **has made eye contact and received acknowledgment from every one in the circle**, the next person makes their statement and the process is repeated **until everyone is heard and acknowledged in the circle.**
12. Once the CW Circle® is completed have the smaller groups come back into one big circle to share. By this time everyone has had the opportunity to make new friendships and to simply fall in love with each other.

Participants have said they don't know which role is more powerful or healing, to be the one stating The One Command®, the one affirming the support, or being the witness. **After all, when in our life have we really had the experience of loving, enthusiastic support?**

Closing

Now is the time for closing remarks from the leader. Offer encouragement and support. Let they others know how honored you are to be a part of their journey.

Encourage them to try something new, to share, to reach out to one another.

Bits of Business

Ask if anyone has any announcements, upcoming events or specials they may be running in their business. We like doing business with our friends and want to support each other's endeavors. Encourage people to bring their flyers and brochures.

Let everyone know when the next Commanding Wealth Circles® gathering is and ask them to invite their friends and relatives

For those interested in attending a Commanding Wealth® program you can locate a CW Circle® near you to enjoy the power of the teaching in advance.

If you are a Commanding Wealth® student and you want to help friends and family experience the Commanding Wealth Circles® then download and follow the format for your own group.

If you are hosting or teaching a Commanding Wealth® Seminar it's a great way to promote your event.

Here are some tips

1. It's best to charge for your Commanding Wealth Circle®. Believe it or not, more people will come if you charge. They are also more likely to participate and apply the principals. One leader hosts in her home and provides light snacks and charges \$20.00. Demonstrate your confidence in the value of the program and charge for it.
2. Make sure people RSVP your invitations so you have a good headcount; it's not only essential in planning, it is also the start of personal accountability for the members.
3. Create a sign in sheet and get names addresses, phone number and email addresses of your members. Then make sure the list is circulated so everyone knows how to contact each other.
4. Send the list in to **Kathryn Perry at Kathryn @commandingwealth.com** and your members will be invited to join the Commanding Wealth® Yahoo Group message board so they can meet other students all over the world.

Kathryn's Notes On Hosting A CW Circle®

As the group leader welcome the guests to the Commanding Wealth Circles®. State your reason for wanting to host the CW Circle®. Share what the program has done for you. Explain the format and then invite each guest to say hello and state their name and if it's their first time, share why they are interested in attending.

Gratitude

You may have to get the ball rolling with this since many people are not in the habit of gratitude. If it their first time in the CW Circle®, have the guests state what and who they are grateful for in their life.

*Kathryn says, I'm from Texas so I developed a little device called **"A-ha's" – "Ye-haws" & "Whoa's"**.*

***"A-ha's,"** are new realizations or revelations. **"Ye-haw's"** are something we are happy about or grateful for or celebrating in our life and finally, **"Whoa's"** (as in what you tell the horse to do when you stop) are what you notice is different or has stopped in your life as a result of Commanding Your Wealth.*

Get your group to talk about the positive changes they are experiencing. Maybe you have your own "Atta-Boy's" or "Way to Go's" Make it fun!

As the group progresses they will start sharing more about their positive experiences and breakthroughs. This is the time they need to have the most positive, **enthusiastic** feedback. This is the place people learn to truly celebrate the good things in their life and to take in love and support. Anchor in positive reinforcement when the good-feeling chemicals are flowing through their body and ask the group to cheer and clap, or say a collective YES! YES! YES!

For Example:

A guest shares:

"I had to call the insurance company to correct a mistake on my claim and not only did they agree to pay, they said I was eligible

for a program discount so my future payments are less for the same coverage!”

The group cheers and claps. The guest feels great about having the courage to call and deal with the insurance company and enjoys celebrating the favorable outcome.
